

Geothermal Resources Council Registry of Geothermal Services & Equipment Listing & Advertising Rates

(rv. 1/2019 cm)

The Geothermal Resources Council *Registry of Geothermal Services & Equipment* is available as a webpage on my.geothermal.org. This provides better visibility to advertisers and easier access for those who are searching for up-to date information on geothermal services and/or equipment. The Registry portion of the publication is our well-known “Yellow Pages” which will include two display advertisements (one stand alone and another rotating) and a variety of categories under which your company may be listed with a link to your company’s profile and information - including your company’s logo, contact info and website link. Your company listings will be on the webpage until December 31, 2020 and can be updated any time through the year.
